

## Grading Practices

School: Landstown Middle School

Subject(s): Geometry

Grade Level: 8

### Homework

**Homework is 10% of their grade.**

### Late Work

**Students should make every effort to submit work by the assigned due date; however, in the event that the student misses the due date, the student should work with his/her teacher to submit the assignment as soon as possible. Students may be required to participate in Administrative Academic Detention (after school) to complete any missed work.**

### Explanation of Zeroes

**A designated code in the gradebook will be used to communicate missing work. When an assignment is missing, the code Mi (Missing) will be temporarily recorded averaging as a 0. Once the assignment has been made up, the updated grade will be reflected in the gradebook. If the assignment remains incomplete, it will remain a 0 with no code attached. \*All missing work must be submitted one week prior to the end of the grading period.**

### Reassessment

**Students who receive a failing score on any summative assignment will be given the opportunity to be reassessed provided that the student meets the following:**

- Participated in class**
- Completed all assignments**
- Demonstrated appropriate effort**

### Make-up Work

**When a student is absent, the student should request missed work and the teacher will provide all relevant assignments. The number of days a student has to turn in make-up work will equal the**

**number of days the student was absent. Teachers will take into consideration a student's individual circumstances.**

**Extra Credit**

**Extra credit will not be accepted on an individual basis.**
